Greetings,

Shelly, George and I are looking for your feedback on an idea that we are developing; an idea that could make a difference on how spaces, such as hospices, palliative care units or chronic care settings, are designed world wide.

The details are described in the attached cover letter. If you are willing to give us a few minutes of your time, here is what we need:

1. Read the cover letter.
2. Look at the User Map
3. Look at the Prototyping document

Then, if you are willing, send me an email to let me know your response. It can be as little as a sentence or two; or you might feel inspired to write more.

I NEED TO HEAR FROM YOU NO LATER THAN WEDNESDAY, JULY 27 (sorry about the tight timelines)!

Your contribution to this effort is greatly appreciated; and could help insure that this project is identified for future funding and partnerships!

Much thanks

Harvey, Shelly and George
