

Financial App Prototype:

Goal: Prototype self-motivation to save/not spend money

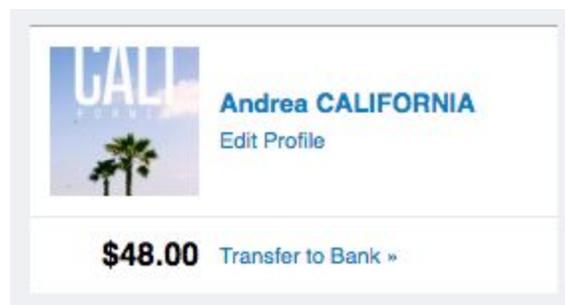

Anytime you save money, you'd put those savings aside

How: Venmo!

- 1. Think about a goal, bucket list item or dream** that you'd want to save money for. This will be your inspiration!
- 2. Create two venmo accounts.***
 - a. Venmo is a way for transferring money from your bank account.
 - b. * I'll explain how to do this later...
- 3. Every time you save money, you'd send yourself the amount saved/how you saved it.**

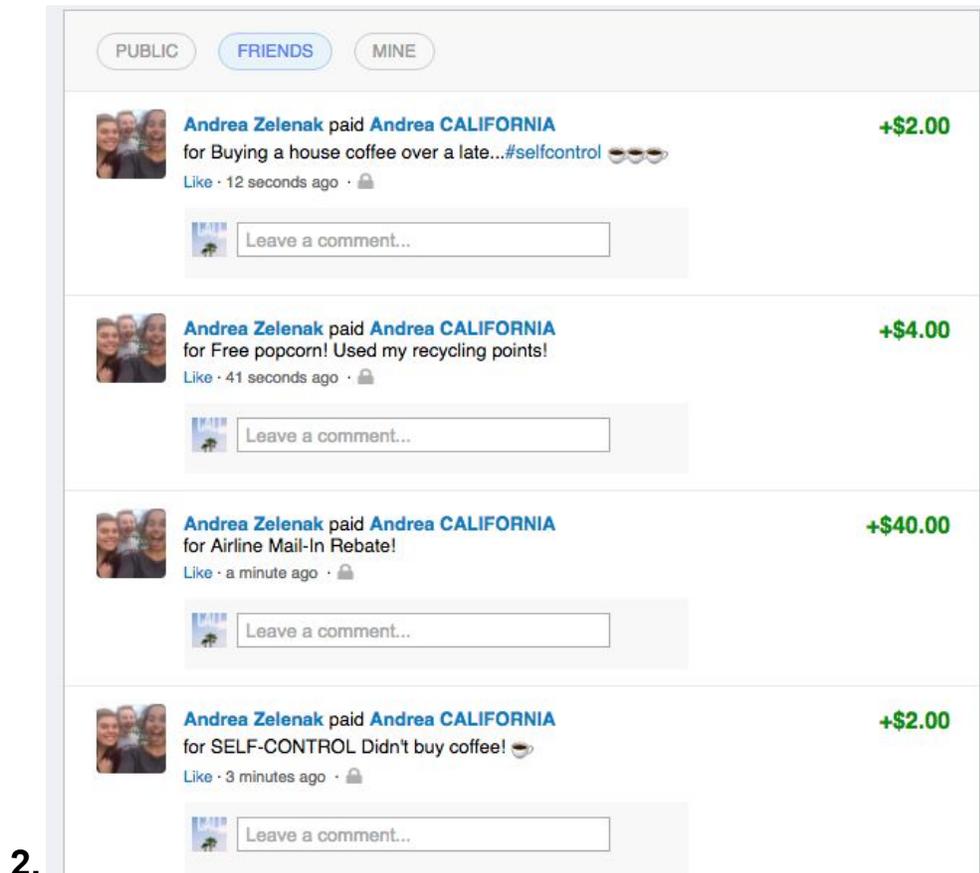

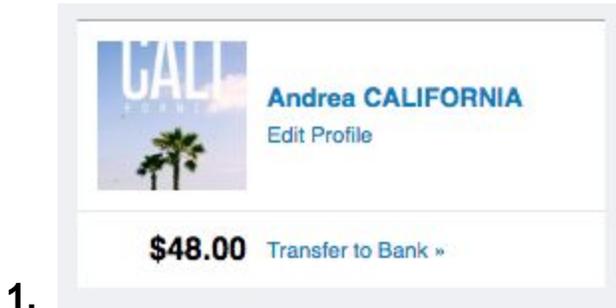

- 4. You'd have a full list of ways you saved money and a total of money saved.**
 - a. A balance of money can be viewed in your Venmo account after each transaction so you could see total money "saved".
 - b. I changed my profile picture and name to remind me of my goal!

Do this for 7 full days!

To the right of the note is a green circular icon with a white 'G'. At the bottom, there is a checkbox for 'Share Note on Facebook', a dropdown menu set to 'Public', and a blue 'Send' button.
