

MEMBER PERSPECTIVE

STATUS QUO EXPERIENCE

Minimal guidance in provider selection

Outdated approach to recovery

12+ hours fasting pre-surgery

Little insight into pain management

Invasive technique

Opioids over-prescribed post-op

Intermittent follow-up

Slower return to normal activities and work

GOLDFINCH EXPERIENCE

Meet your Goldfinch Guide and select provider

Advanced Surgical Pathway (ERAS)

Abbreviated fasting pre-surgery

Collaborative pain management starts pre-op

Most advanced technique

Minimal opioids needed post-op

Ongoing follow-up with Goldfinch Guide and App

Faster return to normal activities and work
