

# IDEA SUMMARY:

## **MAIN CAUSE:**

Personal cultural behavior and War (root cause for the community to be displaced)

## **RESULTS:**

- Husbands' death during the war
- Husbands displaced while moving to new places after war
- Husbands abandoning families due to hardship life at the camps
- Husbands physical disabilities during war
- Irresponsible husbands as a result of the cultural behaviors of the community they originated.
- Limited economic freedom as a result of being refugees.

## **TARGETED GROUP:**

Displaced single mothers (refugees)

## **MAIN PROBLEM:**

Over responsibilities by refugee single mothers in fulfilling family needs

## **SOLUTION AND ACTIVITIES:**

Maximizing social value of refugee single mothers by equipping them with independent ability to sustain their family needs at the camps:

- Capacity building through seminars and trainings to promote economic activities to single mothers.
- Radio broadcast programs to the refugee's communities within camps, to rise up awareness on the causes, effects and solutions towards the problem.
- Provision of law and psychological supports to single mothers on protecting their rights and encouraging them about the possibilities on handling the situation
- Provision of cash livelihood grant supports to rise their daily income, in their families.

**A BETTER LIVING FOR DISPLACED SINGLE MOTHERS IN REFUGEES CAMPS.**
