# The incubator club

An entrepreneurial  
community for 50+

You've always  
wanted to start  
your business,  
and now that you've  
retired seems a  
good time. But  
where to start?

I'd like to  
be an entrepreneur  
but I'm not sure  
what this  
means -

I just want  
to meet people,  
see what's out  
there, and learn  
new skills

You're still working  
but would like to  
be involved in  
a venture in some  
ways. That'd be  
a great way to keep  
yourself active &  
bring some revenue in  
the future.

(2)

If you want to meet  
like-minded people,  
get feedback on your idea,  
learn extra-skills,  
put together a team,  
or connect with experts —  
... and have access to micro-loans...

Consider joining the  
Incubator Club

3

Co-working
