To Whom It May Concern,

Please accept this letter as a strong show of support for Built with Humanity's request for funding from the GHR Foundation. I believe the vision of the Fellowship is innovative, dynamic and critical to the equitable growth of Austin. Austin, in particular has one of the highest levels of income segregation, wealth inequality, and displacement of ethnic minorities due to rapid growth. Built with Humanity is creating a platform for effected voices to have influence and power in providing potential solutions to rapid displacement and loss of cultural identity in the city of Austin.

In addition we agree support the fellowship by:

- Curating business mentorships from the local Impact Hub network
- Ensure Built With Humanity obtains fiscal sponsorship
- Provide co-working and meeting space for the duration of the fellowship
- Help with curriculum planning integrating lessons learned from our existing Housing and Affordability accelerators [\(Link\)](#)

Please give this proposal your full attention and if I can answer anything further please let me know. I may be reached at ashley@impacthubaustin.com

Sincerely,
