---

**Exhibit Hall — 4-6 pm Downstairs**

Don’t miss the Exhibit Hall at the end of the day! This is an opportunity to learn about sustainable products and services for your business while networking with other attendees. Samples of sustainable foods and beverages will be provided. The exhibitors will be located in the large public open space adjacent to LinkedIn’s Lobby. Please head down the stairs and straight ahead through the doors to the public open space.

**Exhibitors include:**

- Eco Refill Systems
- Factory Farming Awareness Coalition
- The Food Service Technology Center
- GoBox
- Green Monday
- GT’s Living Foods
- Mariposa Ranch
- Miyoko’s Kitchen
- Nutiva
- Regrained
- Replate
- Veritable Vegetable
- World Centric
- Zero Foodprint
- and more!

---

Acterra’s mission is to bring people together to create local solutions for a healthy planet.

Acterra is a local climate action organization that has served Silicon Valley and the Bay Area since 1970. Our programs address climate change by promoting greater use of renewable energy, residential energy efficiency, clean transportation, and leadership in corporate sustainability. We also work to ensure that clean energy technologies, including rooftop solar and electric vehicles, are accessible to low-income communities. Acterra is based in Palo Alto. For more information, visit acterra.org.
